

JASHWANTH A

B.E Electronics and Communication Engineering

CONTACT

Phone:

9042740920

Email:

jashwanth.a2006@gmail.com

Address:

Ambur, Tamil Nadu

SOFT SKILLS

- Teamwork
- Leadership
- Communication
- Problem Solving
- Critical Thinking
- Project Management

TECH SKILLS

- Python
- C Programming
- Microcontroller/
Microprocessor
- Embedded Systems
- IoT
- Semiconductor Basics
- VLSI Basics
- Verification in VLSI Basics

ACHIEVEMENTS

TECHNICAL

- PCB Workshop
- Runner-up in NAAN MUDHALVAN STATE LEVEL Hackathon.
- IoT Project Presentation
- National Level College symposium Presentation Winner

NON-TECHNICAL

- NCC serving Society.
- Ballbadminton runner-up in District level competition and 2times winner in INSTITUTIONAL Level.

LANGUAGES

- English (Advanced)
- Tamil (Proficient)
- Telugu (Intermediate)
- Hindi (Intermediate)
- Kanada (Intermediate)

PROFILE

Embedded Systems and IoT enthusiast with hands-on experience in Arduino and ESP32-based projects. Skilled in real-time monitoring systems, sensor interfacing, and basic web application development. Strong problem-solving mindset with a passion for practical hardware-software integration.

EDUCATION

Bachelor of Engineering (ECE) 2023–2027
C. ABDUL HAKEEM COLLEGE OF ENGINEERING AND TECHNOLOGY - ANNA UNIVERSITY
(Currently @ Pre-Final year)
CGPA: 8.1/10 BASED ON 4 SEMESTERS RESULTS

12th Standard TN state Board 2022–2023
T. ADBUL WAHID MATRICULATION HIGHER SECONDARY SCHOOL
Percentage: 76%

10th Standard COVID-19 BATCH 2020–2021
T. ADBUL WAHID MATRICULATION HIGHER SECONDARY SCHOOL
Percentage: 50%

PROJECTS

Software Projects

Webpage Creation

Developed a web-based Color Detector application that extracts real-time RGB and HEX values from uploaded images using interactive pixel selection.

Hardware Projects

IoT Based Health Monitoring System

Developed real-time ECG, SpO2 and Heart Rate monitoring system using ESP32 and ThingSpeak for remote health tracking.

Fire Detection and Automatic Water Sprinkler System

Designed a flame detection system using Arduino and relay module to automatically activate a water pump during fire detection.

CERTIFICATIONS

1. RUNNER-UP in DATA SCIENCE NAAN MUDHALVAN STATE LEVEL COMPETITION
2. WINNER in NATIONAL LEVEL Symposium College Event.
3. Co-Ordinator of Arduino Workshop to College Juniors.
